

CHILDREN OF FAIRFIELD COUNTY PETITION OPPOSING THE DISCHARGE OF FIREARMS AND THE USE OF LETHAL WEAPONS IN TOWN-OWNED OPEN SPACES IN FAIRFIELD

People walk their dogs at Fairfield's open spaces every day. Even if they don't live in Fairfield. We might not be safe walking there again! There is a plan to close town-owned open spaces to hunting. That would mean that guns and other

deadly weapons would be allowed in the areas where we play and walk our dogs. Hunters would come to our open spaces and shoot at wild animals and ruin their habitats. These animals should be left alone! Our pets and families could be in danger walking through open spaces with all those hunters walking around, shooting at things. I love walking my dogs at Lake Mohegan or Hoyden's Hill, and in the other open spaces but I would be scared walking around with hunters with guns and bow and arrows everywhere. Please take action to prohibit the uses of deadly weapons and the killing of wildlife in Fairfield's Open Spaces.

I am putting my name below, to tell Fairfield government, do not do this!

My name is:	How old?	My town is:
